SATURDAY MORNING, JUNE 11, 1853. DR. BOWLING'S ORATION.

We have been presented with a copy of the "Oration pronounced on the occasion of laying the corner stone of the Nashville High School, May 19, 1853, by W. K. Bowling, M. D. " We have read thi sproduction with much pleasure. It is an eloquent and able effort in behalf of the cause of education, and reflects much honor upon its talented author. The style in which it is printed is exceeding neat. It is from the press of J. T. S. FALL.

We were shown yesterday, by Mr. Gro. C. Bars, of Williamson county, some specimens of the finest Timothy, Oats, Rye and Herdsgrass, we have ever seen. These specimens were pulled on the 7th of this month, from the plantation of Monroon-FRY BELL, Esq., in Williamson. The oats measured 6 feet 6 inches in height—the timothy and rye 6 the Mississippi and Ohio Railroad Vice Ellis resigned. feet, and the herds grass 5 feet 4 inches. We learn that Mr. Bell has on his plantation some 60 or 70 acres of timothy, which will average from 4 to 41 feet in height. Those who would like to see these fine specimens will find them at the Nashville Inn.

LIFE AND TIMES OF EWING .- Dr. Cossir, of Lebanon, has written the Life and Times of Rev. Fixis Ewing, one of the fathers and founders of the Cumberland Presbyterian church. This is a very valuable addition to the history of Tennessee. It is for sale by Dr. Goodharr, on Deaderick street.

FIRE.-A fire broke out yesterday in Dr. Mc-NAIRY'S Stable on Summer street. It was immediately extinguished and but little damage done to the premises.

SAFETY OF ONE HUNDRED AND SEVENTY PEO-PLE.-No news item of the month has been so worthy of rejoicing over as the intelligence of the rescue and safety of the emigrant passengers of the ship William and Mary, wrecked among the Bahamas on its way from Liverpool to New Orleans. About one hundred and seventy human beings, given up to the waves and monsters of the deep, rescued by wreckers, it seems, while their sinking coffin was tumbling among rocks and breakers, and just ready to make the fatal plunge, are thus happily saved, and reduce the fearful aggregate of mortality for the past month to that extent, but still leaving it a magnitude of calamity which may safely challenge rivalry in any year of

The Wheat Crop.—Our exchanges from Eastern Ohio and Western Virginia say the wheat in those sections is suffering much from the ravages of the Hessian fly. The Greensburg (Ia.) WHEAT PROSPECT.—Several farmers inform of that their wheat is much injured by the fly, and do not anticipate a full crop. If these ravages are general, it must advance the crop now on hand,-We hope, however, that these fears are unfounded. It would be something of a disappointment to have a failure in the wheat crup just as soon as our railroad is ready to convey it to market. The Adams county and York, Pa., papers com-

plain of great damage done to the growing wheat by the ravages of the fly. The crop it is said wifl not be half of an average one.

Mrs. Vinginia Herman has brought suit against the New Orleans and Carrollton railroad to recover \$50,000 damages for killing her husband.

It is said that during the past year, \$5,000,000 worth of imported goods passed through Brownsville, Texas, and an equal amount of domestic goods.

Spring, the murderer, who is to be hung on Friday of next week, at Philadelphia, still protests that he is innocent, and his son guilty of the murder.

A. WEBBER, M. D. W. A. EDMONIS, M. D. DRS. WEBBER & EDMONDS, Take pleasure in announcing that they are now ready for the reception of patients at their establishment at Buena Vista Springs. The romantic, healthful and picturesque character of the locality at Buena Vista Springs is so widely and generally known through the numerous visitors who annually resort to the place for its medicinal waters, that the proprietors deem it necessary to say but little on the subject. The country is wild and broken, abounds in game, is exempt from epidemic invasion, has an unconfined and salubrious atmosphere, and the establishment is supplied with an abundance of pure running free-

stone water, equal to any in the State.

Dr. Webber is a physician of forty years' experience in the active practice of his profession, and has just returned from a tour through the Northern and Eastern States, during which he visited the best water-cure establishments is

the country and eggyed ample access to all the best sour-ces of information on the subject.

Dr. Ennoxes, though a younger practitioner, has several rears experience, and brings with him into the establish-ment the professional devotion and energy incident to the earlier periods of life. KINGSTON'S SPRINGS.

THE Proprietors of this delightful summer retreat, and well known watering place, have the satisfaction of announcing to all those in search of health and pleasure, that they have put the establishment in complete order in all its departments, and are now in readiness for the reception of visiters. The salubrity of the atmosphere, the picture-sque scenery, the variety and needleinal excellence of the mineral waters, the unsurpassed fishing and hunting facilities—all combine to render Kington's and bunting facilities—all combine to render Kington Springs a most attractive resort, and no exertions will be wanting on the past of the propretors to cater to the enjoy-ment and comfort of all who may visit them.

We will have a fine supply of ice all the time on hand.

RED SPRINGS.

We take pleasure in announcing to our numerous friends and patrons, that we are now ready to accommodate all who may wish to avail themselves of the benefits of our place. Extensive preparations have been made for the compact to the five invalid and the man of pleasure. It were needless for us to attempt to set forth the value of our place, in a medicinal point of view. Many, afflicted with various diseases, have visited us, and after a few weeks sojourn, have gone away either entirely cured or greatly relieved—particularly such as have been afflicted with Scrofula, diseases of the Skin, Stone in the Bladder, and also of the Digestive System in general. Of these facts, there is an abungestive System in general. Of these facts, there is an abundance of proof, and many who have certified to them, and the same have gone forth to the affilieted people. And we have at this time two living specimens of Scrofula cases, cared sound and well, with us, to be seen as testimony to our declaration; one of which was almost a hopeless case.

We are in Macon county, Middle Tennessee, 12 miles east of Lafayette, our county seat, 65 or 70 miles from Nashville, 45 miles turnpike, and the halance high ridge road, and other good country roads coming from every point—from Lebanon, Wilson county, Hartsville, Carthage, Gainsboro, Tomkin, ville, Glascow, Callein, Se.

A RERS. JAMES KENTON, of Newark, New Jersey, has discovered a process for manufacturing wrought from the ore, with wood or mineral coal, styled by him an ore-welding furnice; (an improvement in the manufacture of iron long sought after, but never successfully attained until Mr. Reuton's discovery,) and which produces at a single heat the best quantity of blooms, at a less cost than pig iron is now usually made. Letters Patent have been granted him for his discovery, and we are the appointed agents for the sale of rights and its introduction throughout the granted him for his discovery, and we are the appointed agents for the sale of rights, and its introduction throughout the West; and as the present high price of iron is inducing many capitalists to invest in its manufacture, without being aware of the great advantages this new and valuable invention has over any other known mode, we think it but subserving their interest to thus early impress upon them the importance of an examination of the merit of this late invention before embarking in any other made for making iron, assuring them of its entire success and mattered bilts as deassuring them of its entire success and practicability, as demonstrated by the furnaces now in successful operation after

It is not our perpose in this advertisement to speak par-ticularly of the almost incalculable advantages this process possesses over all other modes for making Iron; (as this is contained in our circular, which we will be pleased to mail to the address of any one interested in the matter,) but to to the address of any one interested in the matter,) but to call the attention of those about investing in the manufac ture of Iron, and respectfully invite an examination of the furnace we are erecting in this city, and which will be in operation by the 5th June next, or to the furnaces of the American Iron Company in Newark, New Jersey, now operating with complete success.

In Columbus, Hickman county, Ky.

On the Mississippi River, 20 inites below the mouth of the Ohio, and at the great Terminus of the MOBILE AND OHIO RAILROAD. The undersigned will sell to the highest bidder, without reserve, on THURSDAY the 20th of June, and on FRIDAY, the 1st day of July. Two hundred and nine Lots in the Town of Columbus, embracing the most valuable Lots in said Town.

These lots were nurchased at the original sale of lots in These lots were purchased at the original sale of lots in

said town, in the years 1822, 1828 and 1882, by the late H.

L. Edrington and others; and the undersigned having purchased said lots, now offers them for sale, for the purpose of advancing the interest of said town.

In the year 1789, the State of Virginia, in her compact In the year 1789, the State of Virginia, in her compact with Kentucky, made a reservation of 4,000 acres of land at the Iron Banks, on the Mississippi river, which was to be laid off into Town Lots, and sold for the benefit of the Officers of the Revolutionary Army residing in said State, and in the year 121, the Legislature of Kentucky, in accordance with said compact, and said Town hald cut, and the Lots sold, and at the original sale of lots, they fell into the hands of a lew wealthy individuals, who were not disposed to sell them, except for the most enormous prices, as they locked forward to the day they would become of immense value, and hence the improvement of said town has been prevenied.

and hence the improvement of said town has been prevented, as persons could not obtain property.

COLUMBUS is situated on the Mississippi River at a point always accessible to steamboats, and in one of the very best portions of the State of Kentucky, and as a site for very best portions of the State of Kentucky, and as a site for a large Commercial city, it is the most elligible position, and possesses advantages superior to any other in the West.

This being the point selected for the terminus of the great Mobile and Ohio Railroad, the principal part of which itead is now under contract, and the most eligible point on the Mississippi River, for the connection of the Charleston, Chattanooga and Nashville Railroad, with the St Louis, Iron Mountain and Pacific Railroads, it is clear that Colambus is destined to be the great Central Emporium of Commerce, for the great Valley of the Mississippi.

We unhesitatingly say that at no time or place has there ever been a greater opening for the profitable lavestment of capital than is now offered at Columbus.

Trans or Sale.—Que third cash, and the balance on twelve months credit, with bond and approved security, or a lieu upon the property, at the option of the purchaser.
